

# SEMINARS

## RELEASED BEYOND IRELAND

God continues to call Christians to serve him overseas; using their skills and offering God's love to people of different cultures. A panel will tell their stories of calling and going, whilst sharing honestly about the highs and lows. Come, not just to listen to others, but to prompt further exploration of your own calling in this world. Those sharing will be Stephen McCann (24/7 Ibiza), Katelin Fiddis (Brazil) and Frank Jimenez (Middle East) and it will be facilitated by Tim Dunwoody of Irish Methodist World Mission Partnership. The session will include a Q&A.

## RELEASED TO BE ME

At Made For More we like to focus on two key areas: Culture & Identity. Our heart is to help you understand and navigate the culture you live in, while holding on to the truth that your identity is found in Jesus. We are excited to be joining you at Autumn Soul this year to deliver a really fun and engaging seminar, that will challenge your thinking about how you live, while encouraging you to go all out for Jesus! Check out what we get up to on our instagram @madeformoreni

## RELEASED TO NEW BEGINNINGS

What does the future hold? The future of our Church will be different to our past. Do you have the courage to help shape that future by joining with a few others to be part of a new type of Methodist Church in our community? This seminar will explore just that.

## RELEASED ONLINE

Can apps like Instagram really glorify God? At this seminar we will explore how we can use our most loved social media apps as tools to build our faith and point our friends to Jesus. We'll think of the impact social media has (the good and the bad!!) and how we can stay consistent with who we are online as children of God. Let's talk, reflect and challenge each other on what it means to be released online!

## RELEASED INTO THE EVERYDAY

This panel of ordinary people will explore what it looks like to be caught up in God's mission in our everyday life. How do we live as followers of Jesus in our schools, families, friendships, hobbies in a way that allows people to see God through us? Are their big questions about faith that hold us back from being released to talk about our faith with our friends and family? Come, listen, ask your questions and be inspired.

## NO MORE TRAFFIK

An interactive workshop exploring human trafficking and modern slavery that will equip you to take positive action in everyday life. By using your eyes and ears in your everyday life, you have a chance to stop modern slavery & human trafficking. Please use it. Modern Slavery & Human trafficking happens in our society, right on our doorsteps, under our eyes. It's up to us to be the eyes and ears of our communities and workplaces, to spot and report it. Awareness leads to action, and action leads to change. Why not come along to an interactive workshop to find your role?

## THE PAPER BAG GAME

God wants all people to "live life to the full". Yet, as you read this, 1.2 billion people are living in poverty. The Paper Bag Game will have you working as a 'family' living on the streets of Kolkatta in India. Will you survive? The game is a lot of fun but has serious learning in it about what it's actually like to be poor. What are the problems, and can you be part of the solution? Bring your friends and leaders. WDR works with partners around the world who are transforming poor communities.

## RELEASED TO DREAM (PRAYER ROOM)

What is your dream? In the prayer room this year, we will be taking space to dream. There will be room to spend time with God, either alone or in groups. Feel free to get creative or use the peace and quiet of the space to think and pray, reflecting on what your dream is and what this means for you.

## LEADERS SPACE

While your young people are off enjoying their workshops, come along to Centrepont for some down time, a cup of coffee and a catch up with some old and new friends.
